Maintaining Leadership in Energy Efficiency

For more than a decade, West Park has been among the most energy efficient hospitals of its kind in North America. This culture of excellence is being extended into the design, construction, commissioning and operation of the site redevelopment project to achieve performance excellence from the day it opens its doors.

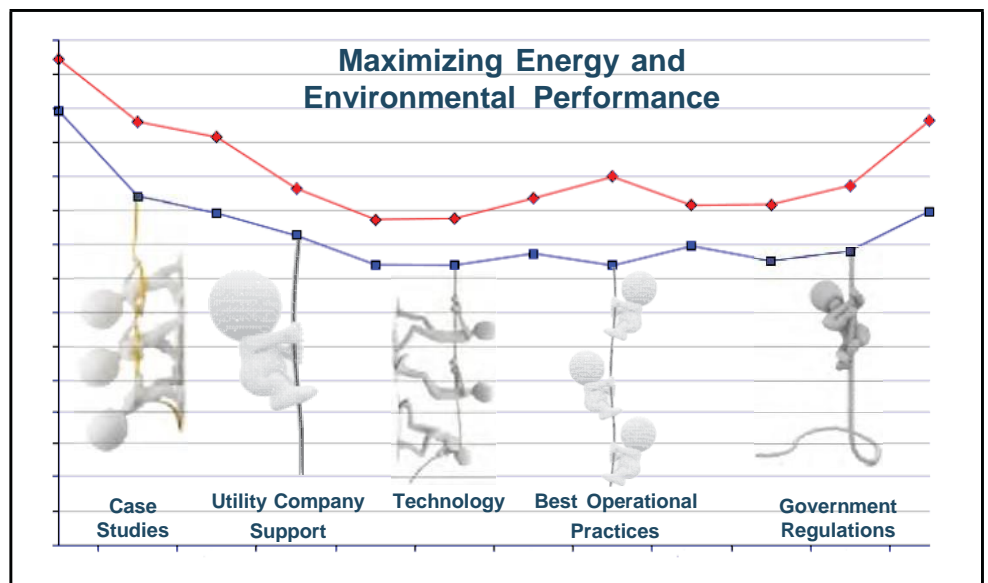

Sustainability Forum 2016

Everything you need to maximize the energy and environmental performance of your hospital

June 9, 2016 8:00 a.m. - 4:00 p.m. Black Creek Pioneer Village

The Sustainability Forum is Greening Health Care's annual signature event, bringing together hospitals, industry experts, government and utility companies to drive forward the energy and environmental performance of hospitals. Forum 2016 focuses on the role, responsibility and actions of the healthcare sector in sustainability, and profiles high performance hospitals and what they are doing to achieve deep savings. Expert panels and case studies will address the tough issues in overcoming obstacles to success.

LEARN & SHARE WITH PEERS FROM OTHER HOSPITALS ABOUT:

SUSTAINABILITY FORUM 2016 - THE PROGRAM

THE GREENING HEALTH CARE PROGRAM

Greening Health Care is the largest program of its kind in North America, helping hospitals work together to lower their energy costs, raise their environmental performance and contribute to the health and wellbeing of their communities. Members manage data, assess their performance and track savings using a powerful online system. They share knowledge and best practices through workshops, webinars and networking to help plan, implement and verify improvements. This is a program of The Living City managed by Toronto and Region Conservation.

VIEWS FROM THE TOP

Hear from leading hospital CEOs and executives about where energy efficiency and sustainability fit among their priorities, and how their policies, management practices and guiding principles support high performance and continuous improvement.

THE TEAM SPORT

From IT to Nursing, every hospital department has a role to play in green healthcare. Hear about how successful hospitals are organizing and working together to achieve and sustain exceptional performance.

THE PROOF OF THE PUDDING...

...is always in the results. A growing number of Greening Health Care member hospitals are now among the most energy efficient in North America. Find out who they are, and learn from case studies and panel discussions about what they are doing differently to meet their targets.

CELEBRATING SUCCESS

High performing hospitals that reached their targeted energy performance in 2015 will be presented with the first Living City Energy Efficiency Leadership Awards!
