**From Good to Great**  
 Markham Stouffville Hospital is in hot pursuit of its \$1 million + annual savings target! The hospital management and staff, service providers and utility company representatives actively work together to tackle their mechanical systems and lighting and deliver big results. Actions taken since 2016 have accumulated savings to date of \$400,000.

# Sustainability Forum 2018

*Everything you need to maximize the energy and environmental performance of your hospital*

**May 30, 2018 9:00 a.m. – 4:00 p.m. Montecassino Woodbridge**  
**May 31, 2018 9:00 a.m. – 2:30 p.m. Markham Stouffville Hospital Site Tour**

The Sustainability Forum is Greening Health Care's annual signature event, bringing together hospital executives, facility directors, industry experts, government and utility companies to drive forward the energy and environmental performance of the hospital sector. Forum 2018 is the place to learn, network and contribute to leading edge thinking about the responsibility and actions of the healthcare sector in sustainability, and what high performance hospitals are doing to achieve exceptional results. Expert panels and case studies will address key management and technical issues in overcoming obstacles to success.

## LEARN & SHARE WITH PEERS FROM OTHER HOSPITALS ABOUT:

- Actual Energy and Water Performance Trends**
- Best Management and Operational Practices**
- New Building Design, Renovation and Retrofit Standards Technology**
- Government Policy and Utility Company Support**
- Case Studies of High Performance Facilities**

# SUSTAINABILITY FORUM 2018 - THE PROGRAM

## THE GREENING HEALTH CARE PROGRAM

Greening Health Care is the largest program of its kind in North America, helping hospitals work together to lower their energy costs, raise their environmental performance and contribute to the health and wellbeing of their communities. Members manage data, assess their performance and track savings using a powerful online system. They share knowledge and best practices through workshops, webinars and networking to help plan, implement and verify improvements. This is a program of The Living City managed by Toronto and Region Conservation.

### SPONSORED BY:

### MANAGED BY:

### TECHNICAL DIRECTION BY:

## VIEWS FROM THE TOP

Hear from leading hospital executives about how energy efficiency and sustainability factor into their priorities, and how policies, management practices and guiding principles support high performance and continuous improvement.

## HOSPITAL REDEVELOPMENT

Get the latest information on actual performance of new hospitals, progress being made, and lessons learned. Be part of an in-depth examination of critical success factors in achieving and sustaining high performance in new facilities, renovations and retrofit projects.

## ENERGY AND WATER TARGETS

Take a closer look at how much energy and water hospitals use, and how much they actually need. Greening Health Care is updating its targets, and the analysis can show you how much you can save and where to find the savings.

### TO SPONSOR OR REGISTER FOR THIS EVENT:

Phone: (416) 661-6600 ext 5590  
Email: [gstott@trca.on.ca](mailto:gstott@trca.on.ca)

### EVENT FEES:

GHC members: free  
Guest hospitals: \$125.00

Limited spaces are available for vendor sponsorship and attendance.

## VENTILATION SYSTEMS

The biggest energy hog, accounting for around 70% of total energy use in most healthcare facilities, ventilation systems continue to deliver the bacon with the largest share of savings. Case studies show how hospitals have made huge savings through ventilation improvements.

## CELEBRATING SUCCESS

We proudly present our annual awards including The Living City Energy Efficiency Leadership Awards for hospitals that have reached their target performance and the 5% Club Awards for those making total energy savings over 5%. New this year is The Rising Star Award presented to hospitals with the highest savings over the past 5 years.

### LOCATION FOR THIS EVENT:

Montecassino Woodbridge  
140 Jevlan Drive  
Woodbridge, ON L4L 8G3
